Subject: **CONTRACT NO. 1395ICB (Amendment in Docket No. UT-051866)**

Verizon Northwest Inc. submits for filing Contract No. 1395ICB, Amendment No. 1 to an existing customer specific contract that provides Transparent LAN Service (TLS) for a 24 month extension period. The purpose of the Amendment is to extend the term for two years, no changes to rates or other terms or conditions are reflected in the Amendment. The original contract was filed under Contract No. 1313ICB, effective 12/31/05 in Docket UT-051866 for a three year term.

TLS is a high speed data service which uses a shared fiber network to allow for the interconnection of Local Area Networks (LANs) across selected metropolitan areas. The service is offered under contract because the term is not available under tariff. The company requests this contract be made effective on less than required notice with an effective date of June 25, 2009. If this Amendment is not made effective on the date requested service will have to be disconnected or customer reverted to higher tariff rates. The LRN form is attached.

Verizon submits the documentation required in Section 7 of WAC 480-80-142. Verizon considers the cost computations required under sub-section 7 (b) (iii) to be confidential and protected under the provisions of WAC 480-07-160 and under the exemption from disclosure requirements per the Public Records Act, Chapter 42.56 RCW. The cost documentation is marked "Confidential per WAC 480-07-160". The company, for commercial reasons, may be harmed if this information is not treated by the Commission as confidential.

With regards to the contract, Verizon will comply with any applicable resale obligations required by RCW 80.36.170 and 80.36.180.

I can be reached at 425.261.6380 if there are questions related to this filing.
