Dear Sir:

As a resident of Point Roberts, I want to express my concerns regarding the pending suspension of the Point Roberts Recycling and Refuse certificate and ultimately our garbage collection.

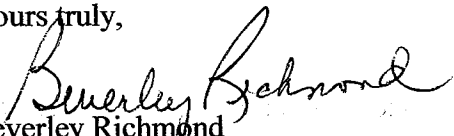

We already feel like the bastard child of Whatcom County, and although our property taxes continue to increase our services decrease.

I cannot understand why we are being penalized for taking our own recycling to the dump. Having moved from another state where taking the recycling involved a greater distance than this, let me assure you this is no hardship.

It is amazing to me when there is such an emphasis on recycling and doing what we can for the planet in the outside world, you folks appear to want to take steps backward. Your job is to unify the County and the WUTC to provide a system that meets our needs.

If you do not wish to work at finding an equitable solution, please let me know what we are supposed to do with our garbage.

Yours truly,
