Wailuku, Hawaii, 96793

Dear Mr. Higgins:

**RE: 2010 Natural Gas Standard Inspection – Knotty Pine Apartments**

In a letter dated December 8, 2010, the Washington Utilities and Transportation Commission (commission) acknowledged your intent and plan to eliminate the natural gas master meter (MM) system located at the Knotty Pine Apartments, 13615 E. Trent in Spokane, Washington.

In our letter, we requested that you notify the commission upon completion of this work should cost estimates prove favorable to its elimination. To date, we have not received that notification.

On August 17, 2011, at 10:00 AM, commission will conduct a follow up inspection to verify the master meter system has been eliminated. If it has not, a safety inspection of the master meter system will be conducted at that time.

We thank you for your cooperation in this matter. If you have any questions or need further assistance, please contact Patti Johnson at (360) 870-4915 or (360) 664-1266.

Sincerely,

David D. Lykken  
Pipeline Safety Director
