**NOTICE OF OPPORTUNITY TO RESPOND TO
STAFF'S AMENDED RESPONSE
(By June 17, 2015)**

RE: *Washington Utilities and Transportation Commission v. Jeremy Kysar d/b/a Blade Excavation*, Docket DG-144098

TO ALL PARTIES:

On April 13, 2015, the Washington Utilities and Transportation Commission (Commission) issued Penalty Assessment DG-144098 against Jeremy Kysar d/b/a Blade Excavation (Blade Excavation or Company) in the amount of \$3,000, alleging three violations of RCW 19.122.030(1)(a).

On May 1, 2015, Blade Excavation filed an application for mitigation, admitting two of the three violations and requesting a decision based on the written information provided. In its request, the Company states, "Violation #1 and violation #3 are the same incident. I do admit fault on #2 and #3."

On June 10, 2015, Commission staff (Staff) filed an Amended Response recommending the Commission deny the Company's request for mitigation. Staff explained that the correct location for the third violation is 1634 Lucca Lane. The penalty assessment erroneously cites 1638 Lucca Lane as the address for both the first and third violations, creating the appearance that the first and third violations are duplicative.

Because Staff presented new information to which Blade Excavation has not had an opportunity to respond, the Company may address Staff's correction to the penalty assessment by filing a response with the Commission **by 5:00 p.m. on Wednesday, June 17, 2015.**

THE COMMISSION GIVES NOTICE That the Jeremy Kysar d/b/a Blade Excavation may respond to Staff's Amended Response to Application for Mitigation of Penalties by filing a written response with the Commission no later than 5:00 p.m. on June 17, 2015.
