RE: Republic Services/Snohomish County Revenue Sharing Plans

Dear Mr. King:

The purpose of this letter is to provide Snohomish County's determination regarding the revenue sharing compliance with RCW 81.77.185 by Republic Services of Lynnwood (Republic Services). This letter reports the County's findings regarding Republic Services' performance under Part A of the current revenue sharing plan from May 1, 2015, to April 30, 2016. The plans referenced herein apply to Republic Services' G-12 certificated territory within Snohomish County.

May 1, 2015 – April 30, 2016

During this period, Republic has done a good job implementing high quality tasks as described in the plans. We are satisfied with their efforts. Detailed summaries of program activities and associated costs have been provided to the County, and to the best of our knowledge, the expenditures reported by Republic are justifiable and appropriate. The agreed upon tasks were implemented according to the Plan and mutually agreed upon adjustments to the Plan were made due to the reduction in commodity prices. We look forward to continued implementation of the Plan with Republic Services.

Thank you for the opportunity to offer our comments and support for the recycling plans developed by Republic Services and Snohomish County. If you have any questions, please contact JR Myers at (425) 388-6489 or bernard.myers@snoco.org

Sincerely,

Matthew Zybas
Solid Waste Director
Snohomish County Public Works
