**Re: Washington Utilities and Transportation Commission v. Watterson Excavating, Docket D-170853**

Watterson Excavating would like to ask the UTC to consider and set up four equal payments of \$5,000.00 to pay off the \$20,000.00 judgment brought against us.

Since our judgement was handed down, we have been completely focused on changing our office staff, office protocol, and onsite personnel to mitigate and remedy the locate problems we have had in the past. This being said the due date was simply overlooked in the turnover in our office, which led to the late request to get this payment option submitted to the UTC for consideration. We would be willing to start the payment plan 11/15/2017 and continue until paid in full 2/15/2018.

If there are any questions or concerns please don't hesitate to contact me, my contact information is included below.
