Dear Executive Secretary,

This filing is submitted by Zippy Disposal Service, Inc., G-121.

The purpose of this filing is to request an extension of time to file tariff revisions requested by the Commission pursuant to Docket TG-180267 regarding commingled recycling service in Chelan County.

The Commission approved rates to become effective May 1, 2018 bases on estimates of participation and operating costs provided by the Company with assistance from Commission Staff. The Staff requested the Commission require the Company to file tariff revisions by October 15, 2019 that included actual data regarding the operations.

Since the roll out of this program the Company has experienced participation rates of about half of what was estimated. As a result, the Company has yet to have enough material to ship to a processor. The Company anticipates having a load ready to be shipped this month and has contacted a processor, but does not have any quoted rates as of this date. Without shipping the recycling material, that key cost is not known or measurable.

The Company is requesting a one month extension of time to file the requested tariff revisions to obtain actual processing costs.

If you have any questions regarding this filing, please contact me at (509) 682-5464; our fax number is (509) 682-5379; and our email address is zippydisposal@hotmail.com.

Respectfully,

Glen A. Austin, Controller
