Subject: Estates Water Systems, inc. - General Rate Filing

Dear Mr. Johnson:

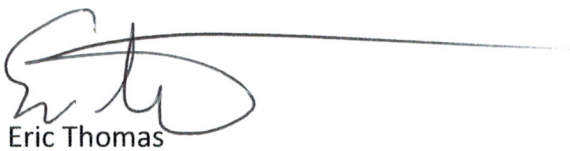

Estates Water Systems, Inc is requesting an estimated annual revenue increase of \$55,000 (56%) to cover operating expenses. It has been over 20 years since the last rate increase. Some of the many operating costs that have risen over the years include taxes, insurance, operating permit fees, water quality testing and parts. Below is the comparison between current and proposed rates.

Following the rate case review process via UTC staff, tariff sheets 20, 21 and 25 have been revised to an estimated annual revenue increase of \$26,000 (27%).

Tariff sheets 2 – 43, header and footer have been revised for name consistency.
