**Re: Docket UE-220971—Informational Filing Notifying Interested Parties of
Deadline Extension for Proposals to Puget Sound Energy’s 2023 Voluntary
Targeted Distributed Solar and Storage Request for Proposals**

Dear Ms. Maxwell:

Puget Sound Energy (“PSE”) respectfully submits this informational filing to the Washington Utilities and Transportation Commission to provide interested parties with additional notice that the new deadline for submitting proposals to PSE’s 2023 Distributed Solar and Storage Request for Proposals (the “2023 DSS RFP”) is March 22, 2023 at 11:59 p.m. PST.¹

The submission deadline originally included in the 2023 DSS RFP was March 17, 2023 at 11:59 p.m. PST. However, late on March 15, 2023, PSE first learned of intermittent technical issues with the online submission portal for the 2023 DSS RFP that prevented proposals from being submitted. After learning of this issue, PSE notified interested parties via public announcements of the new deadline to various PSE resource acquisition distribution lists and postings on [PSE’s website](http://pse.com). The new deadline is March 22, 2023 at 11:59 p.m. PST.

Questions regarding the 2023 DSS RFP should be addressed to Kimo Spector, DER Commercial Acquisition Manager, at kimo.spector@pse.com or (425) 283-9950.

¹ PSE submitted the 2023 DSS RFP to the Washington Utilities and Transportation Commission (the “Commission”) on December 22, 2022 in Docket UE 220971 via informational filing. The 2023 DSS RFP is a “targeted” and “voluntary” request for proposals, as defined in Washington Administrative Code 480-107-109(3).
