**QUALIFICATIONS OF MICHAEL L. BROSCHE**

**Q. Please state your educational background.**

A. I graduated from the University of Missouri – Kansas City, with a Bachelor of Science Degree in Business Administration, with an Accounting Major, in 1978. I hold a Certified Public Accountant Certificate in the states of Kansas and Missouri. I am a member of the American Institute of Certified Public Accountants, the Missouri Society of CPAs and the Kansas Society of CPAs.

**Q. Please summarize your professional experience.**

A. After graduation from the University of Missouri in 1978, I accepted a position as auditor for the Missouri Public Service Commission. During my service with the Missouri Public Service Commission, I was involved in the rate case reviews of numerous electric, gas, telephone and water utility companies and frequently sponsored expert testimony on ratemaking issues. In 1982, I accepted employment as a regulatory consultant with Troupe, Kehoe, Whiteaker and Kent, a CPA firm located in Kansas City that served several utility company and regulatory agency clients, where I continued to participate in financial analyses of utility regulatory matters including participation in rate cases in multiple jurisdictions. In 1983, I accepted a position of greater responsibility with Lubow, McKay, Stevens and Lewis, another consulting firm in the Kansas City area that was involved in utility regulation consulting. Then, in 1985, I joined James Dittmer and at that time Dittmer, Brosch and Associates was organized, later changing its name to Utilitech, Inc. in 1992.

In these positions over the last 39 years, I have supervised and conducted the preparation of rate case exhibits and testimony in support of revenue requirements, cost

1 allocation and regulatory policy issues involving more than 100 electric, gas, telephone,  
 2 water and sewer proceedings across the United States. I have been responsible for the  
 3 analysis and presentation of many regulatory policy, revenue requirement determination,  
 4 cost allocations and tariff implementation issues in addition to involvement in numerous  
 5 utility merger, alternative regulation and special project investigations. Included in this  
 6 work are many alternative regulation analyses focused upon the challenges introduced by  
 7 cost-based regulation, the incentive effects available through alternative regulation and  
 8 the balancing of risks, opportunities and benefits among stakeholders.

9 The following is a listing of my prior formal testimonies:
