NOTICE OF TELEPHONIC PREHEARING CONFERENCE

(Set for 11:00 a.m., Friday, May 27, 2016)

RE: *Washington Utilities and Transportation Commission v. Pacific Power & Light Company*, Docket UE-152253

On May 5, 2016, the Washington Utilities and Transportation Commission (Commission) entered Order 09 which, among other things, set a limited-scope evidentiary hearing for June 1, 2016, to address Pacific Power & Light Company's (Pacific Power or Company) requested recovery of costs associated with the installation of selective catalytic reduction (SCR) at Units 3 and 4 of the Jim Bridger plant. On May 24, 2016, Pacific Power filed a Motion to Strike Section III of Sierra Club's Cross-Answering Testimony or Alternative Motion for Live Rebuttal (Motion to Strike). On May 25, 2016, in an email to the Administrative Law Judge Marguerite E. Friedlander, two parties indicated that they would need to cross-examine witnesses on confidential information.

There are various procedural issues relating to a confidential hearing that need to be addressed, with only two business days available to discuss them prior to the evidentiary hearing. Thus, the Commission will convene a telephonic prehearing conference at 10:00 a.m., on Friday, May 27, 2016, to discuss procedural issues related to the June 1, 2016, evidentiary hearing. Parties who wish to participate must call into the conference bridge and are not expected to appear in-person.

THE COMMISSION GIVES NOTICE THAT it will conduct a telephonic prehearing conference in this proceeding on Friday, May 27, 2016, at 11:00 a.m.

MARGUERITE E. FRIEDLANDER
Administrative Law Judge
