Daphne:

Enclosed is the document that Warren Mickens of Qwest provided to Jim Huesgen of Integra on Thursday, March 10, 2011. We will review internally.

Qwest (both Mr. Mickens and CMP) did not provide the links (URLs) to the web for vendor information that Qwest had committed in CMP to provide. If Qwest had in fact relied on that vendor information for its position, Qwest would have been able to provide it by now. Please let us know when Qwest will provide it.

Qwest provided substantially similar responses in CMP. As you can see, in both contexts, Qwest continues to refer certain issues to Qwest Legal and CenturyLink Legal (see, e.g., enclosed document, p. 8, 1st and 3rd rows). We look forward to receiving responses to these questions from Qwest Legal and CenturyLink Legal shortly.
