Good morning Rob.

Appreciate you following up with the corrections to the filename and the instruction to replace the current contents of AttB4 in AppB.

Hope your morning is going well.

Hi Dana,

I'm glad you were able to download this large file. Please note that when I transmitted this file I incorrectly referred to it as an updated "Attachment B-3" to Appendix B. Instead, the Doane Creek lab reports and data validation reports are included as "Attachment B-4" to Appendix B. As such, please revise the folder name to the file you just downloaded to "B4\_2016 DC Lab & DV\_ Revised" and use it to replace the originally submitted Attachment B-4 in its entirety.

Sorry about that confusion and please call if we need to discuss further.

Thanks,

-Rob
