Re: Docket No. U-161024 – Avista Utilities Attachment A to its Comments Filed on April 17, 2017

Dear Mr. King,

On April 17, 2017, pursuant to the Washington Utilities and Transportation Commission's ("Commission") Notice of Opportunity to Submit Written Comments ("Notice") issued in Docket UE- U-161024 on March 20, 2017 regarding whether revisions are necessary to rules in WAC 480-107 that outline a utility's obligation to a Public Utility Regulatory Policy Act ("PURPA") qualifying facility ("QF"), Avista filed comments as directed. In its comments the Company referenced its Idaho tariff Schedule 62, which it intended to file as an attachment to its comments. However, as identified by Commission Staff, the Company failed to file said attachment. Attached for filing is Attachment A to the Company's comments filed on April 17th, which is the Company's Idaho tariff Schedule 62.

Please direct any questions regarding Attachment A to Clint Kalich at 509-495-4532 or clint.kalich@avistacorp.com, or Michael Andrea at 509-495-2564 or michael.andrea@avistacorp.com.

Sincerely,

Linda Gervais
