Dear Mr. Johnson:

Enclosed for filing in the above-referenced dockets are the original and three copies of the workpapers of Andrea Crane on behalf of Public Counsel and a certificate of service. Public Counsel witnesses Mr. David Garrett, Mr. Corey Dahl and Mr. Glenn Watkins do not have workpapers to file. Due to the format, these workpapers are provided on compact disc in electronic format only. Enclosed are WP1 through WP12 and along with an index list.

Most of Ms. Crane's workpapers are based on excel files provided by the Company, many of which appeared to be linked to a company server. In those workpapers, Ms. Crane adjusted just those areas necessary to reflect her accounting recommendations. Therefore, there may be certain worksheets contained in the workpapers that were not adjusted by Ms. Crane and which do not directly impact on the calculation of her recommendations. By supplying these workpapers, Ms. Crane is not inferring that she agrees with all components of every worksheet. These workpapers should be used in conjunction with the text in her testimony to demonstrate the calculations that resulted in the exhibits actually filed by Ms. Crane. Ms. Crane is happy to answer any questions about how her specific adjustments were calculated.

Sincerely,

/s/ Nina Suetake
