Docket No. UG-111049 - Advice No. 2011-16

Dear Mr. Danner:

Pursuant to WAC 480-100-198, and 480-90-198, Notice Verification and Assistance, Puget Sound Energy (the "Company") is providing this statement that it sent the attached notice to customers in the above-referenced dockets in accordance with WAC 480-100-197 and WAC 480-90-197, Adjudicative Proceedings Where Public Testimony Will Be Taken.

This publication began with bills mailed on December 15, 2011 and continued to be included with bills mailed through January 26, 2012. The notice was enclosed with bills sent to the 1,794,845 customers that are billed monthly starting on December 15, 2011 and continued through January, 13, 2012. For the 52,320 customers that are billed bi-monthly the notice was included starting with bills mailed December 15, 2011 and continued through January 26, 2012. Notices for the remaining bi-monthly billing cycles were direct mailed to those customers during the week of January 23, 2012. The Company chose to direct mail some notices so that the majority of customers would receive their notice in a more compressed time line closer to the dates of the hearings.

The Company also states that the tariffs were posted in accordance with WAC 480-100-193(1) and WAC 480-90-193(1), Posting Of Tariffs For Public Inspection And Review, and were made available to the public by web, telephone and mail.

The notice required by WAC 480-100-197 and WAC 480-90-197 is enclosed. Publication was in the form of a bill insert and direct mail. In addition, the Company notified one newspaper of general circulation, one radio station and one television station within the Company's service area.

Approximately 1,086,282 electric customers and approximately 760,895 natural gas customers are affected by the Company's filings.
