**RE: Docket UE-140617
Advice No. 14-03—Hydro Investment Adjustment**

Dear Mr. King:

On April 14, 2014, Pacific Power & Light Company (Pacific Power or Company), a division of PacifiCorp, filed a separate tariff rider to reflect in customer rates the Washington-allocated revenue requirement associated with the Merwin Fish Collector. The Company proposed a June 15, 2014 effective date for the tariff rider. The purpose of this letter is to provide a revised tariff to correct a typographical error and to provide verification that the Company has complied with the notice requirements of WAC 480-100-194.

On April 22, 2014, Jason Ball of Commission Staff noticed that the Schedule 90 tariff sheet provided on April 14 mistakenly stated that bills “shall have subtracted an amount....” The tariff sheet should read that bills “shall have added an amount....” The Company corrects this error in the errata tariff sheet included with this letter as Attachment A. This tariff sheet replaces the original tariff sheet in its entirety. The remainder of the Company’s April 14 filing correctly characterized the Company’s proposal as a rate increase and remains unchanged.

The Company is also providing verification under WAC 480-100-198 that it will provide the customer notice required under WAC 480-100-194 no later than May 7, 2014, which is more than 30 days before the tariff’s effective date.¹ The Company’s separate tariff rider affects all of the customers in the Company’s Washington service territory. The Company will comply with the requirements of WAC 480-100-194(2) by:

¹ The Company is providing this verification at this time (rather than after notice is complete) to meet the requirement in WAC 480-100-198 that verification be provided within ten days of making a filing requiring notice. The Company requested an effective date 60 days after the date of filing (rather than 30 days) to give the Commission and Staff adequate time to review the filing. Accordingly, notice is being provided in a timely manner under WAC 480-100-194.
