OfficerID: SO1214, Narrative

2016-152909

On 09/27/2016 at approximately 1833 hours, Sgt. Kahler telephoned me at home and requested that I respond to the 32100 block of the Pioneer Hwy to assist in the investigation of a fatal commercial truck verses train collision. I arrived on the scene at approximately 1918 hours.

Sgt. Kahler had arrived on the scene several minutes before me. Detective Metcalf was assigned as the lead investigator for this case. I was assigned the task of photographing the scene. After the train had come to a stop following the collision, the train master broke the train at the grade crossing to allow emergency medical personnel to access the victims.

I marked the ground with orange paint at the front of the lead engine and at the rear of the front break. I then marked with orange paint the location of the front train car on the rear break.

Next, I photographed the damage to the lead engine of the train (the lead engine was the only portion of the train that was damaged. Damage included broken air line fittings, broken fuel filler cap and neck, broken railings, dented fuel tank, bent metal on the front right side of the lead engine, and broken cowlings. The engineer reported that at the time of the collision it was daylight.

I photographed the scene. Then I photographed the deceased after he had been extricated from the cab of the truck.

On 09/28/2016 I returned to the scene and took day light photos. I also took photographs from the center of the access road that the deceased was driving on, starting at the brush line to the north of the collision. After taking several photographs, I moved in a series of 10 paces, then taking two photographs (one in the direction the deceased was driving and one looking towards where the train was coming from). I continued doing this pattern every 10 paces until at 86 paces I was on the train tracks.

I returned to my office and copied the photographs onto DVD's (original + copies) and then gave Detective Metcalf the DVD's to book into evidence.

OfficerID: so1415, Narrative

On 09/27/16 at approximately 1829 hours, Lt. Hawkins contacted me by telephone advising me of fatal train vs semi-truck collision in the 32100 block of Pioneer Hwy, Stanwood within unincorporated Snohomish County. Lt. Hawkins advised the driver of the truck was deceased and the passenger had life threatening injuries and was being transported to the hospital.

I contacted Detective Metcalf, Detective Goffin and Detective Monson and requested they respond to the collision scene to further investigate the collision. Prior to responding to the scene, Detective Monson responded to the CIU office and retrieved the collision investigation equipment.

When I arrived at the scene, I contacted Lt. Hawkins. He indicated the truck that was hit by the train had been hauling potatoes out a field was crossing the train tracks at a rural train crossing. The train struck the truck and caused the potatoes to spill out of the box. Lt. Hawkins walked me through the scene and pointed out where the passenger who survived was lying.

I then walked to the front of the train and saw where the truck had struck. The train had diesel and oil covering the entire front of the train and parts of the front of the train were bent from the impact.

I returned to the scene and met with Detective Goffin who had arrived at the scene. I briefed Detective Goffin on the nature of the call and we also walked through the scene. Once we completed our walk through, I was contacted by a Hispanic male who advised me that his dad was the driver of the truck. I obtained his information, along with his dad's information. At this point in time, we hadn't been able to identify the driver yet, because he was trapped inside the truck.

Once Detective Metcalf and Detective Monson arrived, they set up the total station and began to map the scene. I notified the Medical Examiner and had them respond to take custody of the deceased male.

This concluded my involvement in the case.

Sgt. Andy Kahler #1415

OfficerID: so1413, Narrative

On 09-27-16 at 1838 hours I was asked to respond to the 32100 block of Pioneer Hwy in Snohomish County for a fatality collision. I was tasked with responding to the CIU office to pick up the Trimble VX Spatial Station (total station) before responding to the scene.

I arrived at approximately 2000 hours and contacted Detectives Metcalf and Goffin who had already arrived. I walked through the scene with Detective Metcalf and saw that the collision involved a freight train and a large truck that had been transporting potatoes. Detective Metcalf and I identified items at the scene that would later be mapped using the total station so that a scale diagram could be created.

After walking through the scene I set up the total station per the manufacturers instructions. Once the total station had been set up I was assigned to man the data collector during the mapping process. After all needed points had been mapped I secured the total station and cleared from the scene.

End of report.

Subject: NRC#1160176, Train vs. Tractor Trailer Truck with Fatality in North Stanwood, WA | 16-3607

To Whom It May Concern:

Please be advised that at 1826h this date, Dave Milletta of BNSF Railways called the Washington Emergency Operations Center from (817) 352-2832 to make a notification of a train versus a tractor trailer truck event that occurred in a private crossing at 1822 PST at milepost 58.5 in the Bellingham Subdivision in North Stanwood, WA in Snohomish County. The crossing number is 084720A, which is at 32100 Pioneer Highway.

Locomotive #BNSF2620 is the involved train. There are no hazmats to report and no current damage estimates. However, upon speaking with Alanna at the Snohomish County Sheriff's Office, it was determined that a fatality had occurred during this event. The primary reporting officer on the call is Deputy Jeffrey Miner and the Snohomish County Sheriff's Office case number is 16-152909. North County Regional Fire Stations 99, 97, 90, 96, and 94 also responded to the call as well as EMS from Arlington and Marysville. The run number for the fire department is AJ2016-0003292.

BNSF Railways also called to update the WA EOC regarding the fatality at 1840h. The BNSF Railways crew was neither injured nor killed.

The local point of contact for BNSF is Elgin Hawkins and he is available at (425) 212-8744. The state incident number for this event is 16-3607. Notification regarding this event has been made to the Washington Department of Ecology Northwest Region Office responder Danielle DeVoe and to Alanna Cole at the Snohomish County Sheriff's Office for dissemination to the local emergency manager and Traffic Homicide Investigator.

Please do not hesitate to call if you have any questions or require additional information for your records.

Kind Regards,

Elizabeth P. Byrd-Rand

DESCRIPTION

TORRES-ARANDA WAS DRIVING A COMMERCIAL VEHICLE HAULING POTATOES ON A PRIVATE ROAD (92 AV NW) APPROACHING A PRIVATE RR CROSSING AND FAILED TO STOP AT THE POSTED STOP SIGN AND WAS STRUCK BY A SOUTHBOUND BNSF TRAIN TRAVELING AT 42 MPH. THE TRAIN SIGNALLED TO WARN THE TRUCK. TORRES-ARANDA DIED ON IMPACT.
