Dear Mr. Tedesco,

CenturyLink values its relationship with the Spokane Tribe and understands the critical role communications services play in eliminating the digital divide and improving the economic, health and educational opportunities for CenturyLink's customers living on Tribal lands.

In 2011, the Federal Communications Commission ("FCC") modernized the communications landscape by implementing steps to ensure that robust, affordable voice and broadband service are available to Americans throughout the nation including those residing on Tribal lands.¹ In furthering CenturyLink's goal of building a cooperative relationship with the Spokane Tribe, and the FCC's goal of comprehensive engagement with Tribal governments regarding communications services, I would like to extend an invitation to meet at your convenience in order to discuss these topics: (1) deployment planning with a focus on Tribal community anchor institutions; (2) feasibility and sustainability planning; (3) marketing services on Tribal lands; (4) rights-of-way processes, land use permitting, facilities siting, environmental and cultural preservation review process; and (5) Tribal business and licensing requirements.

In order to facilitate this meeting I am enclosing a reply form, checklist and self-addressed envelope. These documents will assist me in preparing for a face-to-face meeting with the Spokane Tribe. Please mail the reply form and checklist in the enclosed

<1210> Terms & Conditions of Voice Telephony Lifeline Plans

CenturyLink, Inc. has over 100 local exchange carriers (LECs) that serve as eligible telecommunications carriers (ETCs) providing Lifeline discounts on local telephone service for qualifying low-income customers in thirty-seven states. Each LEC's tariff or local terms of service contain the terms and conditions of voice telephony service plans generally available to CenturyLink residential customers. Lifeline provides discounts on CenturyLink residential service plans that include voice telephony service. Lifeline discounts provided to qualified recipients include the \$9.25 per month federal discount plus state discounts, if available. Tribal Lifeline recipients receive an additional federal Lifeline discount of up to \$25 per month. Eligible residents residing on Tribal lands in areas where CenturyLink receives universal service high-cost support can also receive a Tribal Link Up credit of not more than \$100 against one customary service initiation fee at a primary residence.

CenturyLink's flat-rated residential voice service plans provide unlimited local calling. Lifeline discounts also may be applied to local residential service plans that include a certain amount of local minutes or calls at a flat-rate and then have additional charges for minutes or calls beyond those included in the plan. Lifeline discounts may be applied to bundled service packages that include voice telephony services, such as bundles with internet service and/or video service. Lifeline discounts may also apply to voice service plans that include optional calling features such as caller ID, call waiting, and voicemail.

Toll service is available to customers receiving Lifeline discounts in the same manner that it is available to non-Lifeline customers. Toll limitation service is available to Lifeline customers at no charge.

Information concerning CenturyLink's Lifeline program can be found on our Lifeline web page at <http://www.centurylink.com/Pages/Support/LifeLine/>

A link to the CenturyLink tariff or local terms of service that includes the terms and conditions of this ETC's Lifeline offering is included in response to line 1220.

NOTES:

1. (220) Outages are reported using the criteria provided in 47 C.F.R. §54.313. This differs from the criteria in 47 C.F.R. §4.5, which is the basis for reporting outages to the Federal Communications Commission. Therefore, some outages may not have Network Outage Reporting System (“NORS”) numbers.
2. (220) Where outages extended beyond CenturyLink customers and/or study areas, the total number of served customers within the study area that were potentially impacted was reported.
3. (300) – (310) and (320) – (330) CenturyLink is reporting any outstanding requests for voice service or broadband service from 2016 that are unfulfilled at the time of this filing. Orders resolved during the year are not reported, including unfulfilled orders that were cancelled by the customer.
4. (400) – (410) and (430) – (440) Complaints per 1,000 voice access lines or per 1,000 broadband customers are reported as complaints to any federal and/or state agencies. The actual number of complaints was reported if a study area had less than 1,000 customers.
5. (510) and (610) Sections 54.313(a) (5) – (6) require ETCs to make certifications as to their compliance with applicable service quality standards and consumer protection rules, and their ability to remain functional in emergency situations as set forth in section 54.202(a) (2). Certifications are attached.
6. (515) This question is not applicable. This company is a high-cost recipient.
7. (711) CenturyLink is reporting a-la-cart and data-only broadband rates that meet or exceed both the download speed of four mega bits per second and upload speed of one mega bit per second. Upload speeds of 768K or below are not included in this report.
8. (810) – (813) Per FCC DA 13-1707 released August 6, 2013, CenturyLink is reporting holding company, operating companies, and affiliates (as defined under section 3 of the Communications Act of 1934, as amended, 47 U.S.C. § 153(2)) that are designated as eligible telecommunications carriers and/or that provide retail broadband internet access to end-user customers.
9. (810) – (813) and (1210) – (1223) CenturyLink is a designated eligible telecommunications carrier that receives Universal Service Support for High Cost Areas under 47 C.F.R. 54 subpart D. Therefore, CenturyLink is only subject to subpart (a) of 47 C.F.R. §54.422 as it applies to this filing.
10. (921) – (929) To the extent the carrier serves federally recognized tribal lands, the attached narrative, in response to line 920, should be relied on to describe tribal outreach and interaction. If in 2016, the carrier offered to discuss the points listed in 47 C.F.R. §54.313(a) (9) to at least a majority of federally recognized tribes served in a study area, lines 921-929 were marked with a “yes” response.
11. (1000) – (1010) Carriers must certify that their local rates are at or below two standard deviations of the applicable national average urban rate for voice service, as specified in the most recent public notice issued by the Wireline Competition Bureau and Wireless Telecommunications Bureau. Qwest Corporation d/b/a CenturyLink (Wyoming) and United Telephone Company of the West d/b/a CenturyLink (Wyoming) have certain exchanges with explicit cost based local rates above this standard. Customers in such exchanges receive a Federal Universal Service credit and/or a State Universal Service

credit explicitly on their bill. This results in a net charge that is lower than two standard deviations of the applicable national average urban rate for voice service.

12. (1010) 47 C.F.R. §54.313(a) (10) requires a certification that the pricing of the company's voice services is no more than two standard deviations above the applicable national average urban rate for voice service, as specified in the most recent public notice issued by the Wireline Competition Bureau and Wireless Telecommunications Bureau. The certification is attached.

13. (1030) 47 C.F.R. §54.313(a) (12) requires a certification that the pricing of a service that meets the Commission's broadband public interest obligations is no more than the applicable benchmark to be announced annually in a public notice issued by the Wireline Competition Bureau, or is no more than the non-promotional price charged for a comparable fixed wireline service in urban areas in the states or U.S. Territories where the eligible telecommunications carrier receives support. The certification is attached.

14. (1130) This question is not applicable. This company has existing terrestrial backhaul options.

15. (2011), (2015), and (2016) Per FCC DA 13-2101 released October 30, 2013, CenturyLink is certifying at a holding company level.

16. (2011) An affirmative response indicates Connect America Fund Phase 1 Incremental Support Program Round 2 funding was received by the respective study area and/or locations were enabled within the study area.

17. (2015), (2017) – (2018) Connect America Fund Phase 2 program (including phase-down support) acceptance and commitments are at a state-wide level. State level reporting is recorded on one study-area per state.

18. (2017c) Reported capital expenditures represent investments in specific Connect America Fund Phase 2 (“CAF II”) projects. There may be additional investments in facilities which would benefit CAF II areas that are not reflected in this response.
