**Re: Dockets UE-190905, UG-190913
Third Quarter 2020 Revisions to Exhibit 3: Program Details**

Dear Mr. Johnson,

Consistent with requirements outlined in WAC 408-109-120(3)(c) and WAC 480-07-140(5) Puget Sound Energy (“PSE”) provides an electronic version of its second quarter 2020 *Exhibit 3: Program Details* updates and revisions. This twentieth version replaces version nineteen. The update represents updated responses and adaptive management demonstrated by PSE program staff to effectively respond to circumstances created by the Covid-19 pandemic.

Highlights of key revisions include:

- PSE condensed its “Covid-19 Alert” boxes in key program discussion areas: page 3 of the document; page 9, Residential Energy Management introduction; and page 85, Business Energy Management introduction. These alerts inform customers and Stakeholder of PSE’s ongoing efforts to protect their safety, and the safety of PSE contractors and employees.
- The alert text consolidates those updates that were formerly linked with specific program sectors (such as Single Family Existing, Multifamily, Low Income Weatherization, etc.).

Consistent with WAC 480-109-110(3), PSE provided an electronic version of the mark-up version of Exhibit 3 to its Conservation Resource Advisory Group (“CRAG”) on September 15, 2020. PSE also provided a useful page number reference for CRAG members to quickly locate key revisions.
