

AMENDATORY SECTION (Amending Docket No. UE-990473, General Order No. R-482, filed 5/3/01, effective 6/3/01)

WAC 480-100-003 Application of rules. (1) The rules in this chapter apply to any electric utility that is subject to the jurisdiction of the commission under RCW 80.04.010 and chapter 80.28 RCW. These rules also include various requirements of the utility's customers and applicants.

(2) The tariff provisions filed by utilities must conform with these rules. If the commission accepts a tariff that conflicts with these rules, the acceptance does not constitute a waiver of these rules unless the commission specifically approves the variation consistent with WAC 480-100-008, Exemptions from rules in chapter 480-100 WAC. Tariffs that conflict with these rules without approval are superseded by these rules.

(3) Any affected person may ask the commission to review the interpretation of these rules by a utility or customer by posing an informal complaint under WAC ((480-09-150)) 480-07-910, Informal complaints, or by filing a formal complaint under WAC ((480-09-420)) 480-07-370, Pleading and briefs--Application for authority--Protests.

(4) No deviation from these rules is permitted without written authorization by the commission. Violation will be subject to penalties as provided by law.

AMENDATORY SECTION (Amending Docket No. UE-990473, General Order No. R-482, filed 5/3/01, effective 6/3/01)

WAC 480-100-008 Exemptions from rules in chapter 480-100 WAC. (1) The commission may grant an exemption from the provisions of any rule in this chapter, if consistent with the public interest, the purposes underlying regulation, and applicable statutes.

(2) To request a rule exemption, a person must file with the commission a written request identifying the rule for which an exemption is sought, giving a full explanation of the reason for requesting the exemption.

(3) The commission will assign the request a docket number, if it does not arise in an existing docket, and will schedule the request for consideration at one of its regularly scheduled

open meetings or, if appropriate under chapter 34.05 RCW, in an adjudication. The commission will notify the person requesting the exemption, and other interested persons, of the date of the hearing or open meeting when the commission will consider the request.

(4) In determining whether to grant the request, the commission may consider whether application of the rule would impose undue hardship on the petitioner, of a degree or a kind different from hardships imposed on other similarly situated persons, and whether the effect of applying the rule would be contrary to the purposes of the rule.

(5) The commission will enter an order granting or denying the request, or setting it for hearing, pursuant to chapter ((480-09)) 480-07 WAC.

AMENDATORY SECTION (Amending General Order No. R-495, Docket No. UE-990473, filed 12/3/01, effective 1/3/02)

WAC 480-100-123 Refusal of service. (1) An electric utility may refuse requests to provide service to a master meter in a building with permanent occupants when all of the following conditions exist:

(a) The building or property has more than one dwelling unit;

(b) The occupants control a significant part of the electricity used in the individual units; and

(c) It is cost-effective for the occupants to have the utility purchase and install individual meters considering the long-run benefits of measuring and billing each occupant's electric use separately.

(2) The utility may refuse to provide new or additional service if:

(a) Providing service does not comply with government regulations or the electric industry accepted standards concerning the provision of service;

(b) In the utility's reasonable judgment, the applicant's or customer's installation of wiring or electrical equipment is considered hazardous or of such a nature that safe and satisfactory service cannot be provided;

(c) The applicant or customer does not comply with the utility's request that the applicant or customer provide and install protective devices, when the utility, in its reasonable judgment deems such protective devices are necessary to protect the utility's or other customers' properties from theft or damage;

(d) After reasonable efforts by the responsible party, all necessary rights of way, easements, approvals, and permits have not been secured; or

(e) The customer is known by the utility to have tampered with or stolen the utility's property, used service through an illegal connection, or fraudulently obtained service and the utility has complied with WAC 480-100-128(2), disconnection of service.

(3) An electric utility may not refuse to provide new or additional service to a residential applicant or residential customer who has a prior obligation. A prior obligation is the dollar amount, excluding deposit amounts owed, the utility has billed to the customer and for which the utility has not received payment at the time the service has been disconnected for nonpayment. The utility must provide service once the customer or applicant has paid all appropriate deposit and reconnection fees. This subsection does not apply to customers that have been disconnected for failure to honor the terms of a winter low-income payment program.

(4) The utility may not refuse to provide service to an applicant or customer because there are outstanding amounts due from a prior customer at the same premises, unless the utility can determine, based on objective evidence, that a fraudulent act is being committed, such that the applicant or customer is acting in cooperation with the prior customer with the intent to avoid payment.

(5) The utility may refuse to provide new or additional service for reasons not expressed in subsections (1) and (2) of this section, upon prior approval of the commission. The commission may grant the request upon determining that the utility has no obligation to provide the requested service under RCW 80.28.110. Prior to seeking commission approval, the utility must work with the applicant or customer requesting service to seek resolution of the issues involved.

(6) Any applicant or customer who has been refused new or additional service may file with the commission an informal complaint under WAC ~~((480-09-150))~~ 480-07-910, Informal complaints; or a formal complaint under WAC ~~((480-09-420, Pleadings and briefs Applications for authority Protests; and 480-09-425, Pleadings Verification, time for filing, responsive pleadings, liberal construction, amendments))~~ 480-07-370, Pleadings--General.

AMENDATORY SECTION (Amending Docket No. UE-990473, General Order No. R-482, filed 5/3/01, effective 6/3/01)

WAC 480-100-173 Electric utility responsibility for complaints and disputes. (1) When an electric utility receives a complaint from a customer or an applicant for service, the utility must acknowledge receipt of the complaint and:

(a) Upon request, identify the utility's contact to the complainant;

(b) Investigate the complaint promptly as required by the particular case;

(c) Report the results of the investigation to the complainant;

(d) Take corrective action, if warranted, as soon as possible under the circumstances;

(e) If the complainant is dissatisfied with the results or decision, inform the complainant that the decision may be appealed to a supervisor at the utility; and

(f) If the complainant is dissatisfied after speaking with the utility's supervisor, the supervisor must inform the complainant of the complainant's right to file a complaint with the commission and provide the commission's address and toll-free telephone number.

(2) Applicants, customers, or their representatives may file with the commission:

(a) An informal complaint as described in WAC (~~480-09-150~~) 480-07-910, Informal complaints; or

(b) A formal complaint against the utility as described in WAC (~~480-09-420, Pleadings and briefs Applications for authority Protests~~) 480-07-370, Pleadings--General.

(3) When the commission refers an informal complaint to the utility, the utility must:

(a) Investigate and report the results to the commission within two business days. The commission may grant an extension of time for responding to the complaint, if requested and warranted;

(b) Keep the commission informed of progress toward the solution and the final result; and

(c) Respond to the commission's request for additional informal complaint information within three business days of the request or at a date specified by the commission. The commission may grant an extension of time for responding to the complaint, if requested and warranted.

(4) Each electric utility must keep a record of all

complaints for at least three years and, upon request, make them readily available for commission review. The record must contain:

- (a) The complainant's name and address;
- (b) The date and nature of the complaint;
- (c) The action taken;
- (d) The final result; and
- (e) All official documents regarding the complaint.
