**RE: Docket No. UT-033044
Universal Access, Inc.**

RECEIVED
RECORDS MANAGEMENT
03 NOV 17 AM 8:22
STATE OF WASH.
UTIL. AND TRANSP.
COMMISSION

Dear Ms. Washburn:

Universal Access, Inc. is a certified Competitive Local Exchange carrier in Washington though it does not provide traditional local exchange services. Universal Access owns multiplexing equipment that is located in Seattle. This equipment is used for its private line customers and not for mass-market customers. Universal Access currently provides resold, private line, data circuits and it provides transport related muxing services; it does not provide switching services.

Universal Access consequently has no relevant data to provide the Commission or interested parties and it requests that it be removed as a mandatory party to this proceeding and relieved of any obligation to respond to current and future data requests. In the alternative, if the Commission determines that Universal Access must remain a party to this proceeding, the Company would like this letter to serve as a response to any and all data requests in this proceeding

Thank you for your attention to this reply; please contact me with any questions at (312) 660-5072 or cweiksnar@universalaccess.net.

Yours truly,

Christina Weiksnar
