Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations and provide a list of newly served community anchor institutions.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission's public interest obligations. All RBE participants must provide a response to Line 4001.

<4001> Recipient certifies that it is offering broadband meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas.

RBE Community Anchor Institutions

<4003a> Indicate if the carrier newly deployed broadband service to community anchor institution(s) in the previous calendar year

<4003b> Please Provide Attachment: Using link, download template and list the number, name and address for each community anchor institution. Attach the document which contains the community anchor institution details as required by FCC 14-98 (paragraph 79)

<7010> **Price Cap Carrier and Fixed Competitive Eligible Telecommunications Carrier Transitional Support Requirement Certification** (Yes/No)

Please provide a response (either yes or no) to this certification request. Any price cap carrier or fixed competitive eligible telecommunications carrier that elects to continue receiving support pursuant to §54.312(d) or §54.307(e)(2)(iii) starting July 1, 2020 and annually thereafter on July 1 for each subsequent year they receive such support, that all such support the company received in the previous year was used to provide voice service throughout the high-cost and extremely high-cost census blocks where they continue to have the federal high-cost eligible telecommunications carrier obligation to provide voice service pursuant to §54.201(d) at rates that are reasonably comparable to comparable offerings in urban areas. This certification is required by 47 C.F.R. § 54.313(m).

RDOF Capital Expenditures

- <10010> Starting the first July 1 after receiving support until the July 1 after the recipient's support term has ended, recipients of Rural Digital Opportunity Fund support must submit the total amount of support, if any, the recipient used for capital expenditures in the previous calendar year. This is required by 47 C.F.R. § 54.313(e)(2)(i)(B).

RDOF Available Funds Certification

- <10011> Please provide a response (either yes or no) to this certification request for any recipient of Rural Digital Opportunity Fund support that the recipient has available funds for all project costs that will exceed the amount of support that will be received for the next calendar year. This certification must be provided starting the first July 1 after receiving support until the recipient's penultimate year of support, as required by required by 47 C.F.R. § 54.313(e)(2)(ii).

RDOF Community Anchor Institutions

- <10012a> Recipients of Rural Digital Opportunity Fund support must attach a list containing the number, names, and addresses of community anchor institutions to which the eligible telecommunications carrier newly began providing access to broadband service in the preceding calendar year. This filing is required by 47 C.F.R. § 54.313(e)(2)(i)(A).

Please Provide Attachment

- <10012b> Using link, download template and list the number, name and address for each community anchor institution. As required by 47 CFR Section 54.313(e)(2)(i)(A), Attach the document which contains the community anchor institution details.

Required Information

RDOF FCC Form 470 Postings

- <10013> For the filing due July 1st following full implementation of this requirement, please provide a response (either yes, no, or not applicable) to this certification request. Recipients of Rural Digital Opportunity Fund must respond affirmatively that they bid on category one telecommunications and Internet access services in response to all FCC Form 470 postings seeking broadband service that meets the connectivity targets for the schools and libraries universal service support program for eligible schools and libraries (as described in § 54.501) located within any area in a census block where the carrier is receiving Rural Digital Opportunity Fund, and that such bids were at rates reasonable comparable to rates charged to eligible schools and libraries in urban areas for Instructions for Completing FCC Form 481 OMB Control No. 3060-0986 (High-Cost) OMB Control No. 3060-0819 (Low-Income) November 2020 Page 44 comparable offerings. This filing is required by 47 C.F.R. § 54.313(e)(2)(i)(C). This certification will not be required until the July 1st following the E-Rate program year that this obligation has been fully implemented. Modernizing the E-Rate Program for Schools and Libraries et al., WC Docket. Nos. 13-184, 10-90, 29 FCC Rcd 15538, 15566-67, para. 72 (2014).

RDOF Post-Final Deployment Milestone Performance Certification

- <10014> Starting the first July 1st after a Rural Digital Opportunity Fund recipient meets its final service milestone until the July 1st after the support recipient's support term has ended, please provide a response (either yes, no, or not applicable) that the Rural Digital Opportunity Fund-funded network that the support recipient operated in the prior year meets the relevant performance requirements in 47 C.F.R. § 54.309. This filing is required by 47 C.F.R. § 54.313(e)(2)(iii).

AFFIDAVIT CERTIFYING COMPLIANCE
WITH 47 C.F.R. §54.313(a)(1), §54.313(a)(2), and §54.313(a)(3)

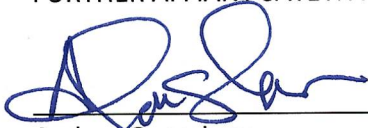

Section (600) – Emergency Functionality Certification
Section (1000) – Voice and Broadband Service Rate Comparability Certifications;
Accuracy of Annual Reporting of CAF Recipients Certification

For the Lumen Technologies, Inc. ETCs as listed in Appendix A, I, Andrea Genschaw, being of lawful age and duly sworn, on my oath and under penalty of perjury, state that I am the Senior Vice President Controller for Lumen Technologies, Inc. (“Lumen”) and that I am authorized to execute this affidavit on behalf of the Lumen ETCs.

The Lumen ETCs hereby certify pursuant to the requirements under 47 C.F.R. §54.313(a)(1), §54.313(a)(2), and §54.313(a)(3) that:

- 1) Lumen ETCs are substantially able to remain functional in emergency situations as set forth in §54.202(a)(2),
- 2) The pricing of voice services provided by Lumen ETCs listed in Appendix A is no more than two standard deviations above the national average urban rate for voice service,
- 3) The pricing of broadband services provided by Lumen ETCs listed in Appendix A, that meet the Commission’s broadband public interest obligation is no more than the most recent applicable benchmark rates announced by the Wireline Competition Bureau, and
- 4) To the best of my knowledge and belief, the information reported on this form including attachments is accurate.

FURTHER AFFIANT SAYETH NOT.

Targeted Engagement Efforts

As part of its efforts to strengthen positive relationships with the Tribal Nations within its serving territory while fulfilling obligations set forth in Report and Order and Further Notice of Proposed Rulemaking, FCC 11-161, CenturyTel of Washington, Inc. d/b/a CenturyLink and CenturyTel of Inter-Island, Inc. d/b/a CenturyLink (“CenturyLink”) extended invitations to the above listed tribal entities to meet and address issues of importance related to the provisioning of services on tribal lands. The purpose of these meetings was to discuss planning and potential deployment of service as well as other areas of interest specific to conducting business on tribal lands (as set forth in 47 C.F.R. §54.313(a)(5)) which at a minimum, would include:

- (i) A needs assessment and deployment planning with a focus on Tribal community anchor institutions;
- (ii) Feasibility and sustainability planning;
- (iii) Marketing services in a culturally sensitive manner;
- (iv) Rights of way processes, land use permitting, facilities sighting, environmental and cultural preservation review processes; and
- (v) Compliance with Tribal business and licensing requirements. Tribal business and licensing requirements include business practice licenses that Tribal and non-Tribal business entities, whether located on or off Tribal lands, must obtain upon application to the relevant Tribal government office or division to conduct any business or trade, or deliver any goods or services to the Tribes, Tribal members, or Tribal lands. These include certificates of public convenience and necessity, Tribal business licenses, master licenses, and other related forms of Tribal government licensure.

Correspondence Resulting from Targeted Engagement Efforts

CenturyLink received the following response to the outreach letters sent in 2022:

Confederated Tribes of the Colville Reservation : We continue to communicate with tribal attorney and other resources from the Tribe to move forward with lease and right of way renewals.

Confederated Tribes and Bands of the Yakama Nation: Lumen continues to negotiate with the tribe on a legal issue over pole attachments to achieve a successful resolution to continue our partnership with the tribe

Makah Indian Tribe: Continue to hold communications on a monthly call with realty manager of tribe complete fiber placement for projects which are on schedule.

Quileute Tribe: Continue to have communication on a monthly call with realty manager representing the Tribe and Bureau in order to complete right of way applications for fiber placement.

July 28, 2022

Chehalis Tribe
Harry Pickernell 420 Howanut Rd.
P.O. Box 536
Oakville, WA 98568

Good Day,

Lumen values its relationship with your tribe and the opportunity to offer services within the Tribal lands. Lumen strives to maintain a positive relationship through ongoing communications and periodic meetings. In an effort to strengthen that relationship, and to fulfill certain obligations from the Federal Communications Commission ("FCC"), Lumen extends an invitation to meet at your convenience to discuss these topics:

- (1) deployment planning with a focus on Tribal community anchor institutions;
- (2) feasibility and sustainability planning;
- (3) marketing services on Tribal lands;
- (4) rights-of-way processes, land use permitting, facilities siting, environmental and cultural preservation review process; and
- (5) Tribal business and licensing requirements.

Also, Lumen would like to take this opportunity to remind you of changes to the Lifeline program. In March 2016, the FCC announced a plan to include broadband data communications services, in addition to voice communications services as part of the Lifeline program. Lumen is proud to participate in the Lifeline program. Please respond if you are interested in receiving information and resources regarding Lumen's Lifeline program.

Additionally, Tribal governments can now access the annual FCC Form 481 data filed by telecommunications carriers that serve their lands with support from the Universal Service Fund (USF) High Cost Program.

The federal Universal Service Fund High Cost Program – also known as the Connect America Fund, or CAF – is designed to improve availability of modern communications services at reasonable rates in rural, insular and other underserved areas. The Program provides funding to telecommunications carriers to expand availability of voice and broadband service, both fixed and mobile, at rates that are reasonably comparable to those in urban areas.

Eligible Telecommunications Carriers (ETCs) that receive High Cost Support (with the exception of carriers that receive Mobility Fund Phase I support only) were required to file this year's FCC Form 481 report with the Universal Service Administrative Company (USAC). This Form collects financial and operational information used to validate carrier funding.

The FCC has charged USAC to provide tribal governments access to Form 481 data through the online 54.314 Certification Filing System. In order to obtain access privileges to the 54.314 System, you should contact the High Cost Division at form481@usac.org to request an authorization form.

To request a meeting, please respond to all on this email or call the number below with proposed topics, dates and times. We have included your local governmental affairs contact as well as the regional Sales Executive responsible for your area.

Lumen looks forward to working with you.

Sincerely,

Lumen

- (5) Tribal business and licensing requirements.

Also, Lumen would like to take this opportunity to remind you of changes to the Lifeline program. In March 2016, the FCC announced a plan to include broadband data communications services, in addition to voice communications services as part of the Lifeline program. Lumen is proud to participate in the Lifeline program. Please respond if you are interested in receiving information and resources regarding Lumen’s Lifeline program.

Additionally, Tribal governments can now access the annual FCC Form 481 data filed by telecommunications carriers that serve their lands with support from the Universal Service Fund (USF) High Cost Program.

The federal Universal Service Fund High Cost Program – also known as the Connect America Fund, or CAF – is designed to improve availability of modern communications services at reasonable rates in rural, insular and other underserved areas. The Program provides funding to telecommunications carriers to expand availability of voice and broadband service, both fixed and mobile, at rates that are reasonably comparable to those in urban areas.

Eligible Telecommunications Carriers (ETCs) that receive High Cost Support (with the exception of carriers that receive Mobility Fund Phase I support only) were required to file this year’s FCC Form 481 report with the Universal Service Administrative Company (USAC). This Form collects financial and operational information used to validate carrier funding.

The FCC has charged USAC to provide tribal governments access to Form 481 data through the online 54.314 Certification Filing System. In order to obtain access privileges to the 54.314 System, you should contact the High Cost Division at form481@usac.org to request an authorization form.

To request a meeting, please respond to all on this email or call the number below with proposed topics, dates and times. We have included your local governmental affairs contact as well as the regional Sales Executive responsible for your area.

Lumen looks forward to working with you.

Sincerely,

Lumen

Good Day,

Lumen values its relationship with your tribe and the opportunity to offer services within the Tribal lands. Lumen strives to maintain a positive relationship through ongoing communications and periodic meetings. In an effort to strengthen that relationship, and to fulfill certain obligations from the Federal Communications Commission ("FCC"), Lumen extends an invitation to meet at your convenience to discuss these topics:

- (1) deployment planning with a focus on Tribal community anchor institutions;
- (2) feasibility and sustainability planning;
- (3) marketing services on Tribal lands;
- (4) rights-of-way processes, land use permitting, facilities siting, environmental and cultural preservation review process; and
- (5) Tribal business and licensing requirements.

Also, Lumen would like to take this opportunity to remind you of changes to the Lifeline program. In March 2016, the FCC announced a plan to include broadband data communications services, in addition to voice communications services as part of the Lifeline program. Chehalis Tribe
Harry Pickernell
420 Howanut Rd.
P.O. Box 536
Oakville, WA 98568

Good Morning Harry Pickernell,

Lumen values its relationship with Chehalis Tribe and the opportunity to offer services within the Tribal lands. Lumen strives to maintain a positive relationship through ongoing communications and periodic meetings. In an effort to strengthen that relationship, and to fulfill certain obligations from the Federal Communications Commission (“FCC”), Lumen extends an invitation to meet at your convenience to discuss these topics:

- (1) deployment planning with a focus on Tribal community anchor institutions;
- (2) feasibility and sustainability planning;
- (3) marketing services on Tribal lands;
- (4) rights-of-way processes, land use permitting, facilities siting, environmental and cultural preservation review process; and
- (5) Tribal business and licensing requirements.

Also, we would like to take this opportunity to remind you that Lumen participates in government benefit programs (Lifeline and Affordable Communication Program/ACP) that can make residential telephone or qualifying broadband service more affordable to qualifying low-income individuals and families. To qualify for these discounts, applicants must meet certain eligibility standards as defined by the FCC and state commissions. To see if you qualify to receive a discount off your telephone or broadband bill, please call 1-800-201-4099 or visit centurylink.com/lifeline.

A new pilot program has been launched by the FCC to make it easier for Tribal libraries to apply for broadband funding through the E-Rate program which supports eligible schools and libraries. The E-Rate program makes telecommunications and information service more affordable by providing discounts to eligible schools and libraries, including Tribal libraries. Lumen will support all efforts to designate an existing library or similar school or facility as a Tribal library which would qualify for the program. Feel free to let your Policy Director know if you are interested in discussing this program.

Additionally, Tribal governments can now access the annual FCC Form 481 data filed by telecommunications carriers that serve their lands with support from the Universal Service Fund (USF) High Cost Program.

Eligible Telecommunications Carriers (ETCs) that receive High Cost Support (with the exception of carriers that receive Mobility Fund Phase I support only) were required to file this year's FCC Form 481 report with the Universal Service Administrative Company (USAC). The FCC has charged USAC to provide tribal governments access to Form 481 data through the online 54.314 Certification Filing System. In order to obtain access privileges to the 54.314 System, you should contact the High Cost Division at form481@usac.org to request an authorization form.

Finally, with passage of the Bipartisan Infrastructure Law and the programs initiated thereafter such as the Tribal Broadband Connectivity Program (TBCP), the Broadband Equity, Access, and Deployment (BEAD) Program and the Internet for All Initiative, there may be opportunities for partnership and development of new broadband networks to explore and discuss.

To request a meeting, please respond to all on this email or call the number below with proposed topics, dates and times. We have included your local governmental affairs contact responsible for your area.

Lumen looks forward to working with you.

Sincerely,

Lumen

November 14, 2022
Quileute Nation
Douglas Woodruff, Jr.
90 Main St
PO Box 279
La Push, WA 98350

Good Morning Douglas Woodruff, Jr.,

Lumen values its relationship with Quileute Nation and the opportunity to offer services within the Tribal lands. Lumen strives to maintain a positive relationship through ongoing communications and periodic meetings. In an effort to strengthen that relationship, and to fulfill certain obligations from the Federal Communications Commission (“FCC”), Lumen extends an invitation to meet at your convenience to discuss these topics:

- (1) deployment planning with a focus on Tribal community anchor institutions;
- (2) feasibility and sustainability planning;
- (3) marketing services on Tribal lands;
- (4) rights-of-way processes, land use permitting, facilities siting, environmental and cultural preservation review process; and
- (5) Tribal business and licensing requirements.

Also, we would like to take this opportunity to remind you that Lumen participates in government benefit programs (Lifeline and Affordable Communication Program/ACP) that can make residential telephone or qualifying broadband service more affordable to qualifying low-income individuals and families. To qualify for these discounts, applicants must meet certain eligibility standards as defined by the FCC and state commissions. To see if you qualify to receive a discount off your telephone or broadband bill, please call 1-800-201-4099 or visit centurylink.com/lifeline.

A new pilot program has been launched by the FCC to make it easier for Tribal libraries to apply for broadband funding through the E-Rate program which supports eligible schools and libraries. The E-Rate program makes telecommunications and information service more affordable by providing discounts to eligible schools and libraries, including Tribal libraries. Lumen will support all efforts to designate an existing library or similar school or facility as a Tribal library which would qualify for the program. Feel free to let your Policy Director know if you are interested in discussing this program.

Additionally, Tribal governments can now access the annual FCC Form 481 data filed by telecommunications carriers that serve their lands with support from the Universal Service Fund (USF) High Cost Program.

Eligible Telecommunications Carriers (ETCs) that receive High Cost Support (with the exception of carriers that receive Mobility Fund Phase I support only) were required to file this year's FCC Form 481 report with the Universal Service Administrative Company (USAC). This Form collects financial and operational information used to validate carrier funding.

The FCC has charged USAC to provide tribal governments access to Form 481 data through the online 54.314 Certification Filing System. In order to obtain access privileges to the 54.314 System, you should contact the High Cost Division at form481@usac.org to request an authorization form.

1210 Terms & Conditions of Voice Telephony Lifeline Plans

CenturyLink, Inc. has 39 eligible telecommunications carriers (ETCs) providing Lifeline discounts on local telephone service for qualifying low income customers in sixteen states. Each ETC's tariff or local terms of service contain the terms and conditions of voice telephony service plans generally available to CenturyLink residential customers. Lifeline provides discounts on CenturyLink residential service plans that include voice telephony service. Lifeline discounts provided to qualified recipients include the \$5.25 per month federal discount plus state discounts, if available. Tribal Lifeline recipients receive an additional federal Lifeline discount of up to \$25 per month. Eligible residents residing on Tribal lands in areas where CenturyLink receives universal service high-cost support can also receive a one-time Tribal Link Up credit of not more than \$100 against one customary service initiation fee at a primary residence.

CenturyLink's flat-rated residential voice service plans provide unlimited local calling. Lifeline discounts also may be applied to local residential service plans that include a certain number of local minutes or calls at a flat-rate and then have additional charges for minutes or calls beyond those included in the plan. Lifeline discounts may be applied to bundled service packages that include voice telephony services, such as bundles with internet service and/or video service. Lifeline discounts may also apply to voice service plans that include optional calling features such as caller ID, call waiting, and voicemail.

Toll service is available to customers receiving Lifeline discounts in the same manner that it is available to non-Lifeline customers. Toll limitation service is available to Lifeline customers at no charge.

Information concerning CenturyLink's Lifeline program can be found on our Lifeline web page at <http://www.centurylink.com/Pages/Support/LifeLine/>

A link to the CenturyLink tariff or local terms of service that includes the terms and conditions of this ETC's Lifeline offering is included in response to line 1220.
