GENERAL RULES AND REGULATIONS

4. APPLICATION FOR ELECTRIC SERVICE: (Continued)

(f) Availability of Facilities: Company shall not be required to maintain facilities in place or to continue the availability of facilities installed for the Customer's service when:

- (1) facilities are not being utilized to provide service in accordance with an application for service; or
- (2) when such service is not furnished in accordance with contract provisions set forth in this tariff.

(3) When Customer requests Company to permanently disconnect Company's facilities, under circumstances where the facilities would likely not be reused at the same site, Customer shall pay to Company the actual cost for removal less salvage of only those distribution facilities that need to be removed for safety or operational reasons, and only if those facilities were necessary to provide service to Customer. However, the actual cost for removal less salvage charged to Customer making a request under this paragraph shall not include any amount for any distribution facilities located on public easement (other than the meter and service drop). When the facilities removed by Company are the overhead service drop and meter only, the charges shall be \$200. When the facilities removed by Company are residential underground service drop and meter only, the charges shall be \$400.

(4) When the Customer requests Company to permanently disconnect Company's facilities, under circumstances where the facilities would likely not be reused at the same site and Customer also requests Company to remove specific distribution facilities, Customer shall pay to Company the amounts described in paragraph (3) above, as well as the actual cost for removal less salvage of any different distribution facilities Customer requests be removed. Notwithstanding the last sentence of paragraph (3), the actual cost for removal less salvage charged to a Customer making a request under this paragraph may include amounts for distribution facilities located on public easement if Customer specifically requests such facilities be removed.

GENERAL RULES AND REGULATIONS

- 4. APPLICATION FOR ELECTRIC SERVICE: (Continued)
- (f) Availability of Facilities: (Continued)

(5) Company shall remove facilities pursuant to paragraph (3) and (4) only to the extent it can do so without an adverse impact on the service provided, or to be provided, to other customers.

In billing for removal of distribution facilities under paragraphs (3) and (4), Company shall charge Customer for the actual cost for removal, less salvage, unless the specific charge stated in paragraph (3) applies. Company shall provide an estimate of such charges to Customer prior to removal of facilities. The Customer shall pay the amount estimated prior to disconnection and removal of facilities. The facilities shall be removed at a date and time convenient to both the Customer and Company. Within 10 business days after removal, Company shall determine the actual cost for removal less salvage, and adjust Customer's estimated bill to that amount, unless the specific charge stated in paragraph (3) applies.

TF2 F.4.New Advice No. 02-010

**NOTICE
PACIFIC POWER & LIGHT COMPANY**

Pursuant to Washington Law (including without limitation RCW 80.28.050 and -060) and the Commission's Rules & Regulations, Pacific Power & Light Company has filed with the Commission original tariff schedules for electric service in the State of Washington.

Per discussions with Washington Staff, enclosed are substitute pages for Rule 4 - Application for Electric Service. The Company is seeking an earlier effective date of January 1, 2003, by means of an L.S.N. Order.

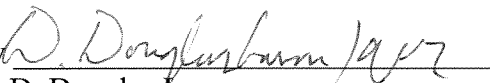

A complete public file of the proposed tariff sheets of the Company, applicable to this territory, is maintained in the Keys Road office in Yakima and may be examined by any person or his agent upon request and without the assignment of any reason. A representative of the Company will provide any information requested as to such tariff schedule.

The Washington Utilities and Transportation Commission will examine the Company's proposed tariff sheets. As a result of such examination, the Commission may determine that any or all of said schedules should be accepted as filed, modified or rejected.

Unless suspended by the Commission, these tariff sheets will have an effective date of January 1, 2003.

DATED: December 13, 2002
