**Re: Docket UE-131883
PSE's Distributed Generation Annual Report**

Dear Mr. Johnson:

Attached is Puget Sound Energy's ("PSE's") Distributed Generation Annual Report dated August 1, 2020.

Pursuant to the July 16, 2020 letter from Mark Johnson in the above-referenced docket, the report includes amounts of distributed generation interconnected to PSE's distribution system as of May 1, 2019 through March 31, 2020. PSE has modified the report template to align with this time period and future Distributed Generation Annual Reports will represent a reporting period aligned with the annual net metering period, described in RCW 80-60-030(5). This report includes all distributed generation facilities interconnected to the PSE distribution system regardless of tariff (i.e. both net metered and non-net metered) and energy production data related to those facilities.

Please contact Kara Durbin at (425) 456-2377 or Heather Mulligan at (425) 456-2916 for additional information about this filing. If you have any other questions, please contact me at (425) 456-2142.

Sincerely,

/s/ Jon Piliaris
