1    **NATURE OF PROCEEDING.**  On May 6, 2014, the Washington Utilities and Transportation Commission (Commission) approved the request of Waste Control, Inc. (WCI or Company) to collect a temporary fuel surcharge in the amount of 0.81 percent on less than statutory notice.  The surcharge became effective on May 1, 2014, and will expire on July 31, 2014.

2    **MOTION TO APPROVE SURCHARGE.**  On June 12, 2014, WCI filed a request to revise the temporary fuel surcharge effective July 1, 2014, and with a new expiration date of September 30, 2014, by increasing the amount from 0.81 percent to 1.46 percent (Motion).[1]  The Company stated that it incurred increased fuel costs, from $2.36 per gallon for the base period to $3.6796 per gallon current price, during the months of April and May 2014.

3    On June 25, 2014, the Commission's regulatory staff (Staff) filed a response to the Company's Motion, recommending that the Commission approve the fuel surcharge on less than statutory notice.[2]

---

[1] WCI filed its less than statutory notice form on July 2, 2014.

[2] WRRA did not file comments on the Company's Motion.

*4*       The fuel surcharge would temporarily allow the Company to recoup its increased fuel costs.  As the Company's request is reasonable, the request should be approved.
