CHAIRMAN WUTC

Dear Chairman Nelson:

Regarding the Staff Memo prepared for you (Agenda Date, August 19, 1992; UG-920840) summarizing the rate filing of Washington Natural Gas Company, the Company would like to clarify the customer categories which were misidentified in this Memo.

The customer categories which appeared in each of three summary tables, as originally reported to you, and now corrected, follow:

Customer Category as originally reported	Customer Category as corrected
Residential	Residential
Firm Commercial	Commercial and Industrial (Firm Sales)
Large Commercial and Industrial Sales	Commercial and Industrial (Interruptible Sales)
Large Commercial and Industrial Transportation	Transportation
Rental	Rental

The original reference to "Large" customers was an error, originally made by the Company.

Very truly yours,

RITCHIE CAMPBELL
Director
Rates and Special Studies
