---

Good morning,

My name is Paul Ingiosi, I'm the interim budget director for the City of Spokane. I was reading some of the materials on the AG and UTC websites regarding the potential Avista refunds and was interested in finding out how potential refund amounts may be calculated (beyond the approximately \$40 per customer cited in the press release). We received some questions from our City Council on the topic and I was hoping to provide some information at our upcoming meeting next week. Thanks in advance.

-Paul
