	Brad Hill	E-mail	The only thing i would say is “we don’t even know if we’ve been over- charged”. There are hardly no accountability measures in place on this kind of stuff”
	David Smith	E-mail	There was a story on KHQ news here in Spokane stating that the Attorney General said that Avista had overcharged customers \$41 million from Jan. 2016 to Feb. 2018.  The story said that, if I was affected, I should contact you. Since I was overcharged for over two years, I think the company should give me a credit in the amount that I was overcharged.
