RE: *Washington Utilities and Transportation Commission, Complainant, v. Rainier View Water Company, Respondent, Docket UW-110054*

TO ALL PARTIES:

On October 17, 2012, the Washington Utilities and Transportation Commission (Commission) entered Order 05, Final Order Rejecting Tariff Sheets, Accepting in Part, Rejecting in Part Settlement Agreement, and Requiring Compliance Filing (Order 05) in the above-referenced docket. Order 05 accepted the Settlement proposal of Rainier View Water Company, Inc., (Rainier View) and the Commission's regulatory staff (Commission Staff) authorizing Rainier View to collect a general facilities charge (GFC). However, the Commission rejected that portion of the Settlement Agreement that would have imposed the Lakewood Pipeline Surcharges (LPS) and the Lakewood Pipeline Facilities Charge (LPFC).

On November 13, 2012, Rainier View filed revised tariff sheets in Schedule 16 for its currently effective Tariff WN U-2, designated as First Revised Sheet Nos. 56 and 57. These tariff sheets implement the GFC and remove reference to the LPS and the LPFC.

Commission Staff has examined the tariff filing and has concluded that it is consistent with the terms of Order 05. Therefore, the Commission will permit the tariff sheets in Schedule 16 filed on November 13, 2012, for Tariff WN U-2, to become effective as filed with an effective date of December 13, 2012.
