Subject: CEMR/MEDIACC/MTG issues

Bill,

I understand that you met with your team last week about the CEMR/MEDIACC/MTG issues. I have been told that Mike Hunsucker, during a May 4 meeting, had indicated he would respond to open issues by last Friday after meeting with you Thursday. We have been raising this issue for months as a priority matter. We are still waiting for a response which we need this week.

Thanks for your attention to this matter.

Jim
