Sean C. Mayo – Pipeline Safety Director
Washington Utilities and Transportation Commission
P.O. Box 47250
Olympia, WA 98504-7250

Subject: Docket PG-150120, Amended Settlement Agreement, Amendment to V.B.5.

Dear Mr. Mayo,

This letter is intended to serve as a request to extend the completion date of Section V.B.5. of the Revised Compliance Program in the Amended Settlement Agreement, Docket PG- 150120, between the Washington Utilities and Transportation Commission (WUTC) and Cascade Natural Gas Corporation (CNGC).

CNGC is anticipating it will not be able to complete baseline assessments for pipeline segments located in two high consequence areas (HCA) by December 31, 2020 due to factors beyond CNGC's control. An extension of the completion date, to September 30, 2021, will allow CNGC to complete the remaining baseline assessments. Information pertaining to these two HCA's, along with supporting information for this extension is included in the enclosed documents.

Please feel free to contact Ryan Privratsky at (509) 734-4599, if you have any questions or comments.

Respectfully Submitted,

A handwritten signature in black ink that reads "Pat Darras".

Pat Darras
Vice President, Engineering & Operations Services
Cascade Natural Gas Corporation
