**WATER SERVICE
RULES AND REGULATIONS**

Rule 14 - Discontinuance of Service (cont'd)

The right to discontinue service may be exercised whenever and as often as any of the foregoing situations occur, and neither delay nor omission by the utility to enforce this rule any time will be deemed a waiver of its right to discontinue service.

Discontinuance of service by a customer - Customer shall be required to give notice to the utility of their intention to discontinue service.

Required notice prior to disconnecting service: The Utility must serve a written disconnection notice on the customer, either by mail, or, at the Utility's option, by personal delivery of the notice to the customer's address, attached to the primary door.

A minimum of eight (8) business days' written notice will be given a customer before service is discontinued, except in the case of danger to life or property. Before disconnecting service, the utility must in addition to the first (1st) notice as described above, provide a second (2nd) notice by one of the two options listed below.

- (1) Delivered notice - The Company must deliver a second (2nd) notice to the customer and attach it to the customer's primary door. The notice must contain a deadline for compliance that is no less than twenty-four (24) hours after the time of delivery, that allows the customer until 5:00 p.m. of the following day to comply, or
- (2) Mailed notice - The Company must mail a second (2nd) notice, which must include a deadline for compliance that is no less than three (3) business days after the date of mailing if mailed from within the state of Washington.

Disconnection notice will expire after ten (10) business days from the first day that the Utility may disconnect service, unless other mutually agreed upon arrangements have been made and confirmed in writing by the Utility. If mutually accepted arrangements are not kept, the Utility may disconnect service without further notice.
