Good morning Ms. Starkenburg-Kroontje,

I have not yet seen your request, but I am willing to address this procedural issue via email as well.

The request by Northwest Liquid Transport to appear telephonically at the prehearing conference is granted. Please refer to my earlier email regarding the number for the Commission's bridge line and the timing for calling into the bridge line.

Ms Clark:

Thank you for your summation of the outstanding requests. My office, which represents Northwest Liquid Transport, forwarded a request yesterday by facsimile and US Postal Service to participate in the prehearing conference telephonically. When do you expect a determination on that request?

Subject: TG-091206 - Northwest Liquid Transport

Good morning,

There are several outstanding requests in this docket and I believe that the most expeditious manner in which to address the procedural issues is via email.

The request by Sanitary Service Company and Blaine Bay Refuse to appear telephonically for the prehearing conference scheduled to convene on September 16, 2009, is granted. The Commission's conference bridge will be available for this prehearing conference. The bridge line number is (360) 664-3846. Please call into the bridge line approximately 5 minutes before the prehearing conference is scheduled to convene.

The request to withdraw protest filed by VanderVeen Family Transport is granted. VanderVeen Family Transport need not appear at the prehearing conference scheduled to convene next Wednesday.

We will discuss Northwest Liquid Transport's request to amend its application for authority during the prehearing conference and I am specifically interested in knowing if the proposed amendment addresses the concerns of the remaining protestants and if Commission Staff has a position on the proposed amendment.

If you have any questions regarding the content of this email, please contact me. While I am ordinarily available both telephonically and via email, I am only available via email today.

Thank you.
