RE: Tariff Submittal, Murrey's Disposal Co., Inc. d/b/a Olympic Disposal G-9.

Attached please find revised pages for Tariff Number 23, Murrey's Disposal Co., Inc., d/b/a Olympic Disposal G-9.

Due to various increases in costs of providing regulated solid waste collection and recycling service, we are respectfully asking the Commission to approve a general rate increase to recover increased operating costs of labor, employee benefits, fuel, parts and equipment amongst other categories which the Company now seeks to update in rates.

The requested increases for classes of service affected by this filing are as follows: Residential service \$75,901(3.02%); commercial service \$46,739 (3.02%); roll-off service at \$171,960 (43.7%); and residential recycling service at \$7,798 (3.78%). The last general rate increase was January 1, 2009.

Attached are the proposed tariff pages containing the increased rates, as well as supporting documentations. If these proposed rates are approved by the Washington Utilities and Transportation Commission, they will become effective June 1, 2011.

A rate increase notification letter will be mailed to all customers affected by these proposed changes no later than April 29, 2011. A notice letter will also be delivered to the office of the Clallam County and Jefferson County Council Chair.
