Dear Ms. Hunter

**Re: Docket TR-111528**

Eastern Washington Gateway Railroad respectfully requests a one-month extension, to March 31, 2012, for completion of project documentation related to the installation of new grade crossing signage on our railroad.

No new expenditures occurred after March 1, 2012, but, a delay in receipt of decals with the proper DOT crossing numbers, as well as inclement weather, has caused a delay in getting the last of the blue crossings signs up and collecting the photo documentation necessary for submission to the Commission.

Please contact me if there are any further questions.

Thank you and best regards,

John K. Howell, President
