For Commission's Receipt Stamp

SCHEDULE NO. 10
SERVICE CONNECTION CHARGE

Available

Within the limits of all Water Service Areas and at utility's option and capability to maintain Department of Health standards of quantity and quality.

Applicable

Applies to all new applicants for properties not currently served and not within the Commission Service Area (as defined in the tariff) for the utility only when surplus system capacity is available and a direct connection can be made to an existing main that has adequate hydraulic capacity.

Conditions

1. A charge will be made the first time a customer's service pipe, 3/4 inch or smaller, is connected to the utility's main. The charge for a larger connection will be the cost of labor and materials. This charge does not include the cost of a meter, or its installation. A meter will be furnished, installed and maintained by the utility without direct cost to the customer.
2. The utility owns and maintains all materials involved in making a service connection.
3. The service connection charge must be paid before the water is turned on.
4. In addition, when it is necessary to bore under an existing road the cost of boring will be in addition to the Service Connection Charge.
5. Meter will be placed in a suitable meter box located at the customer's property line, except when this is not practicable. The meter will be installed upon the customer's premises in some convenient location approved by the utility where the meter will at all times be accessible for reading, inspection and testing. (See Rule 8 & 9)
6. Service Connections will be installed within 7 days from payment, unless prior arrangements in writing are agreed upon by both the customer and the utility.

Size of Service Connection

Service Connection Charge

3/4 inch service

Tax Gross-up of PP%

\$300.00 (I)

Total Service Connection Charge

Larger than 3/4 inch service
