RE: UE-200505 - Avista Utilities 2020 Renewable Target Compliance Report

Dear Mr. Johnson:

In compliance with WAC 480-109, on June 1, 2020, Avista Utilities filed its “Compliance Report” demonstrating compliance with the renewable energy component of I-937, the Energy Independence Act, for 2020. After filing its Compliance Report Avista received renewable energy credits in its WREGIS account from Grant County PUD for contract purchases for energy from Wanapum and Priest Rapids hydroelectric projects. This is the first time that Avista has received these credits in WREGIS from Grant County PUD. Due to the increase in renewable generation the Company has available to comply with the Energy Independence Act for 2020, Avista hereby submits a revised report and accompanying appendices and work papers.
