Dear Ms. Maxwell:

Attached please find revised pages for Tariff Number 28, for Murrey's Disposal Co., Inc. G-9.

With this filing, we respectfully request the Commission approve a general rate increase to recover new capital, and higher costs of employee wages, benefits, fuel and general operating costs.

The increase is proposed as follows: Residential service \$250,500, 1.22%; commercial service \$82,500, 1.22%; multi-family garbage service \$30,000, 1.22%; roll-off service \$35,400, 1.22%; residential yard waste \$458,300, 15.79%; and residential/multi-family recycling service \$1,784,000, 28.00%. There are approximately 63,600 residential; 1,900 commercial; 6,500 multi-family; 350 roll-off; and 63,200 recycling customers affected by this change.

The last general rate increase approved by the Commission became effective January 1, 2019.

Attached are the proposed tariff pages containing the increased rates, as well as supporting documentation for those changes. If these rates are approved by the Washington Utilities and Transportation Commission they are intended to become effective on January 1, 2023.

Included in this filing is our non-regulated operation, as our regulated and non-regulated operations share one facility. To protect certain non-regulated proprietary information we are filing a portion of this filing as confidential, and are filing in accordance with WAC 480-07-160.

A rate increase notification letter will be mailed to all customers affected by these proposed changes no later than November 30, 2022. A notice letter will also be delivered on or before November 30, 2022 to the office of the Pierce County Council Chair.
