Re: Pipeline Replacement Cost Recovery Mechanism update in Accordance with Commission Policy Statement in Docket UG-120715. Original filing under Advice No. CNG/ W23-06-01, Docket No. UG-230426

Dear Director Hunter:

In accordance with the Commission's policy statement in Docket UG-120715 Cascade hereby submits its update to the Cost Recovery Mechanism in Docket UG-230426 with actual costs as of August 31, 2023, and estimated costs through October 31, 2023.

Cascade will be providing its final update once September actual costs are known per the policy statement. Cascade will also replace the originally filed tariff based on the data in the final update.

In accordance with WAC 480-90-194, Cascade began issuing bill inserts at the middle of September 2023 to customers stating what the increased rates proposed will be.

Cascade considers a number of the worksheets to contain valuable commercial information and respectfully requests protection and confidential treatment of the attached information under Chapters 42.17 RCW, RCW 80.04.095 and WAC 480-07-160. Public disclosure of this information would result in private loss, including an unfair competitive disadvantage, which would negatively affect our shareholders.
