RE: **Supplemental Testimony Filing** - Avista Corporation – Dockets UE-100467 & UG-100468

Avista Corporation (“the Company”) hereby encloses for filing an original and 19 copies of Exhibit No. ___(RJL-6T) and Exhibit No.__(RJL-7). On Tuesday, March 23, 2010, Avista filed its General Rate Case Filing with the Commission in the above referenced dockets. The Company is now supplementing the testimony of Robert J. Lafferty pertaining to the Lancaster generating facility. Avista is filing herewith certain Consent and Assignment agreements that will allow Avista Turbine Power to assign its entire interest in the Lancaster PPA to Avista Corporation, essentially removing Avista Turbine Power from the middle of the transactions between Avista Corporation and Rathdrum Power. (Since January 1, 2010, Avista Utilities and its customers have been receiving the benefits of the Lancaster PPA, through a power purchase agreement with Avista Turbine Power.)

It has also come to the Company’s attention that the electronic copy of Bruce W. Folsom’s testimony (Exhibit No.__(BWF-1T) is incorrect. The electronic copy inadvertently contained a previous version of the Folsom testimony. The paper version, however, is correct as filed. The only change to the electronic copy of the testimony is the addition of lines 10-11 on page 10 and lines 1-13 on page 11. The revised version will have “REVISED APRIL 13, 2010” on the top of every page. The new electronic Folsom testimony supplied on the enclosed CD is labeled “REVISED UE-100467 UG-100468 Folsom Testimony BWF-1T (AVA-Apr10).pdf”.
