WUTC STAFF DATA REQUEST NO. 161:

REQUESTED BY: Molly Brewer

Re: Capital Planning

Regarding PSE's response to Staff's data request 62, Attachment A- Diversity Equity and Inclusion Playbook: Page 7 outlines the "Assess" and "Plan and Act" steps that both occur during 2022. Please provide any documents that show the results and/or work-in-progress on each of these two steps.

Response:

On February 17, 2022, Puget Sound Energy ("PSE") personnel provided an update on the status of PSE's Diversity Equity and Inclusion ("DEI") work to the PSE Board of Directors. Attached as Attachment A to WUTC Staff Data Request No. 161 are the DEI presentation materials presented at that board meeting. The community DEI Playbook-related efforts described on slides 11 and 12 of the presentation in Attachment A, including the payment for the related community investments, are not paid for by customer funds and are not part of this rate case. Also, the community grants, sponsorships, and other engagement-related expenses conducted by PSE discussed on slide 12 of the presentation in Attachment A are paid for by PSE investors below the line and are also not part of this rate case. The PSE Foundation endowment solely provides the funding for foundation grants.

Additional information about the status of PSE's supplier diversity efforts are described in more detail in PSE's Response to WUTC Staff Data Request No. 135.
