

June 18, 2003

**NOTICE OF CHANGE IN FILING REQUIREMENTS
(June 26, 2003)**

RE: In the Matter of the Review of Unbundled Loop and Switching Rates and
Review of the Deaveraged Zone Rate Structure
Docket No. UT-023003

TO THE PARTIES:

On June 18, 2003, Verizon requested clarification of the number of copies of testimony and exhibits required to be filed on June 26, 2003 and the manner in which they may be filed, especially as the filings pertain to cost studies.

In the Fifth Supplemental Order in this docket, the parties were advised to file an original and 17 copies of all pleadings, testimony and exhibits. This requirement remains in place with regard to all testimony and exhibits except for cost study exhibits and documents supporting the cost studies. **For cost studies and supporting documents, the parties may file an original in hard copy with four compact discs containing the same information as the original.**

Sincerely,

THEODORA M. MACE
Administrative Law Judge
