Re: Utility Arrearages Expenditure Reporting

To Whom It May Concern at the Washington State Department of Commerce:

Attached please find Puget Sound Energy's (PSE's) Utility Arrearages Expenditure Reporting requested in Section 128 (199)(f) of the 2022 Supplemental Operating Budget of Washington State. While originally due March 1, 2023, this deadline was ultimately extended to July 31, 2023.

Attachment A details the process by which PSE selected qualifying customer accounts.

Thanks to this grant program, PSE has been able to apply over \$29 million directly to qualifying customer accounts.

We appreciate your partnership.

Sincerely,

Carol Wallace
Director Customer Solutions
Puget Sound Energy
