

**PUGET SOUND ENERGY, INC.
Electric Tariff G**

SCHEDULE NO. 131

(N)

RESTORATION OF SERVICE GUARANTEES (Continued)

24-HOUR RESTORATION SERVICE GUARANTEE (Continued)

11. DEFINITIONS:

- a. Major Event Day - A Major Event Day is a day in which the daily system SAIDI exceeds a threshold value, T_{MED} . The T_{MED} value is calculated at the end of each reporting year for use during the next reporting year. It is determined by reviewing the past five years of daily system SAIDI, and using the IEEE Std. 1366 2.5 Beta methodology in calculating the threshold value. IEEE Std. 1366 has the specific methodology and formulas. Any days having a daily system SAIDI greater than T_{MED} are days on which the electric distribution system experienced stresses beyond those normally expected, *i.e.*, IEEE Std. 1366 Major Event Days.

(N)

- 12. **GENERAL RULES AND PROVISIONS** - The Guarantees under this schedule are subject to the General Rules and Provisions (Schedule 80) contained in this tariff. These Guarantees do not change or eliminate any provisions of Schedule 80, specifically including the provisions of Section 12 of Schedule 80.
