

BEFORE THE WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION

**Docket Nos. UG-110723
Puget Sound Energy, Inc.'s
Tariff filing for Pipeline Integrity Program**

PUBLIC COUNSEL DATA REQUEST NO. 007

PUBLIC COUNSEL DATA REQUEST NO. 007:

Regarding the 3.5 miles of wrapped steel mains due for replacement in 2011 and the 4.0 miles due for replacement in 2012, as discussed on page 7, lines 12-15 of Mr. Henderson's testimony, has the Company identified the specific mains to be replaced or just the total length of mains to be replaced each year? If the former, please provide a list of the mains to be replaced in 2011 and 2012.

Response:

Regarding the projects discussed on page 7 of the Prefiled Direct Testimony of Duane A. Henderson, Exhibit No. ____ (DAH-1T), the specific projects planned for 2011 and 2012 are provided in the table below. These projects total the 3.5 miles planned for 2011 and the approximately four miles planned for 2012. While these are the targets for each year, some adjustment is typically made throughout the year due to permitting delays, public improvement opportunities, resource opportunities and/or limitations, as well as managing the overall corporate budget. This may provide opportunities to replace additional segments and/or defer or delay the replacement of some segments.

2011 Wrapped Steel Main Replacement Projects
