--	---

**BACKGROUND**

- 1 On July 8, 2025, in Docket UE-250537, Puget Sound Energy (PSE or Company) filed with the Washington Utilities and Transportation Commission (Commission) proposed revisions to its currently effective electric service tariff, WN U-60, Schedule 95 Power Cost Adjustment Mechanism (PCAM), seeking to eliminate the dead bands and sharing bands (bands) from its PCAM, effective January 1, 2026.<sup>1</sup>
- 2 On August 12, 2025, the Alliance of Western Energy Consumers (AWEC) filed its Petition for Case Certification and Notice of Intent to Request a Fund Grant, notifying the parties and the Commission of its intent to seek a Fund Grant from the PSE Customer Representation Sub-Fund. On September 12, 2025, the Commission granted case certification status to AWEC.
- 3 On October 13, 2025, AWEC filed its Proposed Budget with the Commission requesting \$50,000 from the 2025 PSE Customer Representation Sub-Fund to partially offset AWEC’s costs in participating in this proceeding. AWEC provided in its Proposed Budget filing that it planned to investigate all aspects of PSE’s filing, specifically including whether the Commission should revise the existing dead bands and sharing bands in PSE’s PCAM, as well as whether PSE’s application is properly before the

Piliaris on behalf of Puget Sound Energy, Piliaris, Exh. JAP-01T at 1:19-20 and 2:1-2 (July 8, 2025) and PSE’s cover letter at 1 (July 8, 2025); Piliaris, Exh. JAP-01T at 4:1-4.

Commission.<sup>2</sup> AWEC also indicated in its Proposed Budget that the funding would partially offset the costs of attorney fees, staff, operational support, and consultants and expert witnesses required for the proceeding.<sup>3</sup>

4 On January 29, 2026, the Commission issued Order 04 in this docket approving AWEC's proposed budget and Fund Grant of \$50,000.<sup>4</sup>

5 On February 23, 2026, the Commission entered Order 06 in this docket granting the dispositive motions that were filed earlier by the non-company parties in this docket and rejecting PSE's request in its initial filing to eliminate the dead and sharing bands from its PCAM. Order 06 resolved all outstanding issues regarding PSE's proposed revision to its electric service Tariff WN U-60, Schedule 95 PCAM.

6 On March 17, 2026, AWEC filed its request for authorization of final payment of AWEC's approved Sub-Fund Grant in the amount of \$13,867.50 from the 2025 PSE Customer Representation Sub-Fund. In requesting this final payment, AWEC releases the remaining amount of its approved Sub-Fund Grant back to the 2025 PSE Customer Representation Sub-Fund.<sup>5</sup>

### DISCUSSION

7 Pursuant to Revised Code of Washington (RCW) 80.28.430, a gas or electrical company must, upon request, enter into funding agreements with organizations that represent broad customer interests. The Commission is directed to determine the amount of financial assistance, if any, that may be provided to any organization; the way the financial assistance is distributed; the way the financial assistance is recovered in a gas or electrical company's rates; and other matters necessary to administer the agreement.<sup>6</sup>

8 On November 19, 2021, the Commission issued a Policy Statement on Participatory Funding for Regulatory Proceedings (Policy Statement).<sup>7</sup> The Commission provided

“high-level guidance regarding the amount of financial assistance that may be provided to organizations, the manner in which it is distributed to participants and recovered in the rates of gas or electrical companies, and other matters necessary to administer agreements.”<sup>8</sup> The Commission indicated that the Policy Statement was an evolving document, stating “as we implement the first round of funding arrangements, we look forward to what we expect will be many lessons learned. These lessons will inform future iterations of Washington’s participatory funding program, including the possibility of a rulemaking to codify best practices into Commission rules.”<sup>9</sup>

- 9 On February 24, 2022, the Commission issued Order 01, Approving Agreement with Modifications (Order 01).<sup>10</sup> The Commission approved the First Interim Agreement filed by the parties on February 14, 2022, subject to certain modifications, and adopted the First Interim Agreement as Attachment A to Order 01. Among other points, the Commission clarified that it is not bound by the timeframes set forth in the Interim Agreement.<sup>11</sup> On February 9, 2023, the Commission issued Order 02, Approving Agreement Subject to Condition; Requiring Refiling of Modified Agreement (Order 02).<sup>12</sup> Order 02 approved of the Second Interim Agreement, subject to condition, and required the parties to refile the agreement as modified by the Commission.
- 10 On April 11, 2025, the Commission issued Order 03, Approving Agreement; Subject to Conditions (Order 03), updating the agreement among the utilities subject to conditions (Third Interim Agreement).<sup>13</sup> The Commission ordered the utilities subject to Order 03, among other things, to submit a biannual filing in Docket U-210595, once every six months, showing the fund balances and requests pending approval, with the first filings to be submitted no later than July 1, 2025.<sup>14</sup>
- 11 In relevant part, the Third Interim Agreement requires that a party seeking a funding must submit a Request for Payment to the Commission. The Request for Payment must:

- (a) Itemize the expenses, payees and hourly rates for amounts to be reimbursed, including billing details, and including separately identified amounts for consultant or expert witness fees and travel expenses per calendar year;
- (b) Demonstrate that the expenses are reasonable and are directly attributable to issues and positions pursued on behalf of customers and consistent with the Participating Organization's proposed budget;
- (c) Provide information sufficient to show that the Participating Organization has complied with any condition or requirement of the Fund Grant; and
- (d) Specify whether the request for payment is for interim funding, in the case of Prioritized Organizations only, or final payment in full and indicate whether any approved budget amount may be released back to the applicable Consumer Access Sub-Fund because the Participating Organization does not intend to request payment for the full approved budget amount.<sup>15</sup>

12 The Commission may disallow, in whole or in part, a Request for Payment if it determines that the request seeks reimbursement for (a) expenses that are not Eligible Expenses<sup>16</sup> or (b) expenses that are inconsistent with the Participating Organization's Consumer Access Fund Grant or any conditions placed on the Consumer Access Fund Grant.<sup>17</sup> Upon authorization of payment, the Commission will make a determination on how to recover the Fund Grants from the various customer classes of the affected Participating Public Utility.<sup>18</sup> Additionally, the Commission may determine whether Fund Grants that were used to advocate positions on behalf of a broad cross-section of customers should be assessed against all customers or multiple customer classes to fairly align the costs of the advocacy with the intended potential beneficiaries of the advocacy.

13 After considering the requirements set forth in Sections 7.1, 7.3, and 7.6 of the Third Interim Agreement, the Commission determines that AWEC's request for payment of \$13,867.50 should be approved. The remaining amount of AWEC's approved Sub-Fund Grant of \$50,000 is released back to the PSE Customer Representation Sub-Fund. Funding will come out of the allocations for the year that the proposed budget is approved.
