- 1 The Washington Utilities and Transportation Commission (Commission) entered Order 12, Final Order Rejecting Tariff Sheets As Filed; Granting Accelerated Depreciation With Modifications; Granting Recovery Of, But Not Return On, SCR Investment; Granting Request For Two-Year Rate Plan; Authorizing Decoupling Proposal With Modifications; And Requiring Compliance Filings (Order 12) on September 1, 2016, in Docket UE-152253. Order 12, among other things, directed Pacific Power & Light Company (Pacific Power or the Company) to “file the required tariff sheets at least five full business days prior to their stated effective date, which shall be no sooner than September 15, 2016.”<sup>1</sup>
- 2 On September 8, 2016, the Company filed an Expedited Motion to Revise Compliance Filing Timelines in Order 12 (Motion to Revise Timeline). Specifically, Pacific Power seeks “a two-business day extension to submit its compliance filing, to no later than 10:00 a.m., Monday, September 12, 2016, while allowing the Company to maintain an effective date of September 15, 2016, in the tariff sheets.”<sup>2</sup> The Company asserts that the additional time would allow it to “prepare a compliance filing that meets the requirements of WAC 480-07-880 and 480-07-883.”<sup>3</sup> While the compliance deadline

modification would shorten the amount of time the Commission has to review the filing, Pacific Power argues that granting the request should “obviate the need for a longer examination period.”<sup>4</sup> The Company also notes that it conferred with the other parties to this proceeding regarding the extension request, and none of the parties objected.<sup>5</sup>

3 On September 9, 2016, the Commission entered Order 13, Supplemental Order Amending the Calculations in Order 12 (Order 13). Order 13 amended select portions of Order 12 to include previously omitted tax implications associated with the Commission’s decision on the selective catalytic reduction systems. The amendments in Order 13 are critical to the accuracy of the rates included in Pacific Power’s conforming tariffs.

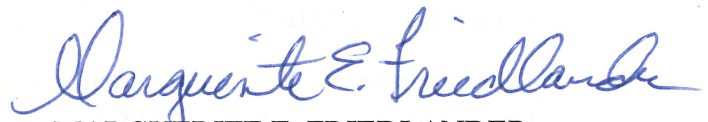

4 The Commission finds that Pacific Power’s Motion to Revise Timelines is in the public interest. Pacific Power should be required to file tariff sheets conforming to the Commission’s decisions in Order 12 on September 12, 2016.

**ORDER**

**THE COMMISSION ORDERS That** the Expedited Motion to Revise Compliance Filing Timelines in Order 12 filed by Pacific Power & Light Company is **GRANTED**.

Dated at Olympia, Washington, and effective September 12, 2016.
