Subject: Request for OSS materials for the CMP meeting

On the June 8, 2011 CMP Ad Hoc call to discuss Qwest repair OSS, Qwest said that it would provide information regarding its repair OSS, including information relating to the merger conditions and a revised OSS timeline for the monthly CMP call, which takes place tomorrow. We have checked the Qwest website, and we do not see materials (including any revised timeline) posted to the website. Per Section 3.1 of the CMP Document, Qwest must include the listed materials plus "any other materials to be discussed" via the distribution package electronically by noon (MT) three business days prior to the monthly CMP meeting. Will Qwest be providing the promised information, including a revised timeline, and if so when? We would like to be able to prepare for the call.

Thanks,

Bonnie

Subject: RE: Request for OSS materials for the CMP meeting

Attached is the MTG Implementation Timeline for review in tomorrow's meeting. It has also just been posted to the Wholesale calendar.

Qwest is sorry for the delay in providing this documentation.
