Scott,

It looks like it's getting worse!

Jeff

Subject: Removal of Facilities

Jeff --

Per your conversation earlier today with Bill Clemens, Pacific only has requests to remove 7 of the Country Club's electrical services. If you want them all removed, please call Pacific's Business Center at 1-888-221-7070 and request removal of services to Tennis Court meter #66576715 and Wayne Lane meter #66554696.

We have requested Charter Cable to remove facilities from pole #318401 across from 821 Country Club Rd to enable Pacific to remove the pole. They might be calling you. Also, I wanted to remind you that Pacific upgraded overhead and underground facilities to the East Pump on the golf course in December 2007 at a cost of about \$40,000.

I'll be getting back to you with the costs and contracts later this month.
Let me know if you have a question.

Mike Gavin
